

MEASURE YOUR TEDDY

What you need:

- Tape measure or a ruler
- Teddy bears
- A book to record the measurements

Method

- Using the tape measure - measure the height of each teddy bear.
- Record the measurement in the book for each bear.
- Repeat the process for the paw span and the head (ear to ear).
- Record the measurements in the book in the below table.

	Height	Paw span	Ear to ear
Teddy 1			
Teddy 2			
Teddy 3			

BONUS ACTIVITY: - Graph teddy heights on a bar chart
- who’s the tallest ted?
